

3 - year BSc Sport Science Program		I rok		II rok		III rok	
		I	II	III	IV	V	VI
1.	Pedagogy						
2.	Psychology						
3.	Foundations of methodology teaching						
4.	Voice Emission						
5.	Safety at Work						
6.	Intellectual Property Protection						
7.	Information Technology						
8.	Anatomy						
9.	Anthropology						
10.	Biochemistry						
11.	Physiology						
12.	Theory of Physical Education						
13.	Kinesiology						
14.	Biomechanics						
15.	Hygiene/Health Education						
16.	Corrective and Compensatory Exercises						
17.	History of Physical Culture						
18.	Metodology of Physical Education						
19.	Organistation and Law in Education						
20.	Theory and Methodology of Sport						
21.	Rhythmics and dance with methodology						
22.	First Aid						
23.	Games Involving Physical Movement with Methodology						
24.	Gymnastics with Methodology						
25.	Athletics with Metodology						
26.	Swimming with Methodology						
27.	Basketball with Methodology						
28.	Football with Methodology						
29.	Handball with Methodology						
30.	Volleyball with Methodology						
31.	Team sports- Kortfball/Floorball/Futsal						
32.	Foreign Language						
33.	Foundations of Biology						
34.	Ethics /Appropriate language use						
35.	Elements of European History/Regional History						
36.	Individual Recreational Sports (karate,tenis,fitnes,nordik walking, cheerleaders)						
37.	Diploma Seminar						
38.	Summer Camp-Water and Field Sports						
39.	Winter Camp - Skiing/Snowboarding						
40.	Practical Training in Elementary Schools						
41.	Preparatory Practical Training						
42.	Practical Training - Conducting Classes						
43.	Psychophysical Developement of Children and Teenagers						
44.	Characteristics of Bad Posture						
45.	Posture diagnosis						
46.	Corrective Gymnastics with Methodology						
47.	Corrective Procedures						
48.	Principles of Therapeutic Massage						
49.	Elements of Rehabilitation in Corrective Gymnastics						
50.	Practical Training in School						
43.	Sports Specialisation						
44.	Dieteting and Supplementation in sport						
45.	Biological Regeneration and Massage						
46.	Management of Sports Institutions						

47.	Physiology of Physial Exertion						
48.	Injury Prevention in Sport and Physical Education Class						
49.	Practical Training in Sports Club
